

Physics

Key Stage 3

The physics department works in close conjunction with biology, chemistry and mathematics. The Science-wide specific focus for Key Stage 3 physics is on 'maths for science'.

In Key Stage 3 students study the following topics:

Year 7: 'Building blocks of physics'

- Forces
- Energy
- Electric Circuits
- Space

Year 8: 'Important concepts'

- Sound
- Light
- Heating and Cooling
- Magnetism

Year 9: 'Revisiting and advancing key topics'

- Further Electricity
- Further Forces & Energy
